

AMAN BHATI

Java Developer

☎ +91-8859424704 ✉ amanbhati3014@gmail.com

Summary

Passionate Java Developer with strong skills in Core Java, Spring, Hibernate, and SQL. Experience in building scalable, efficient, and secure backend applications. Having experience designing RESTful APIs, managing databases, and writing clean, maintainable code. Familiar with front-end technologies like HTML, CSS, and JavaScript, enabling smooth end-to-end development. Always eager to learn new technologies and contribute to high-impact projects in fast-paced environments.

Technical Skills

Frontend: HTML, CSS, Angular
Backend: Java Core, JavaScript, TypeScript, JDBC, Hibernate
Framework: Spring Boot
Database: SQL
Version Control: Git

Experience

Web Wright Solutions

June 2025 - August 2025

Full Stack Development Intern

Tools Used: Javascript, SQL, React, CRUD, API

- Gained hands-on experience in front-end and back-end development, working with modern JavaScript frameworks and databases
- Delivered functional web projects demonstrating strong problem-solving, clean code practices, and efficient deployment
- Integrated the front-end with RESTful APIs using Axios to perform secure CRUD operations and real-time data rendering.

Projects

Student Management System | Java, Spring Boot, Hibernate, MySQL, HTML, CSS

February 2025 – May 2025

- Developed a full-stack web application to manage student records (add, update, delete, view).
- Built backend using Spring Boot + Hibernate for business logic and database operations.
- Used MySQL for data storage and optimized queries for faster performance.
- Designed a simple, responsive UI using HTML and CSS, helping institutions manage student information in a centralized and secure manner.

Online Voting System | HTML, CSS, PHP, SQL

November 2024 – January 2025

- Created a secure online voting platform enabling users to cast votes safely.
- Implemented user authentication and managed voting data with SQL.
- Designed a clean and user-friendly interface using HTML and CSS.
- Ensured efficient data handling and secure vote submission flow.

Education

BTech (Information Technology)

Graduate: 2026

AKGEC, Ghaziabad

Awards & Certifications

Java Backend Certification – 2024: Completed an intensive 8-module Java backend program covering Core Java, Spring Boot, Hibernate, REST APIs, MySQL, and real-world application development.
